	Summary of the Event (Around 100 words)	The 2nd semester MBA A section students organized an Institutional Social Responsibility (ISR) event at Sai Drusti Old Age Home with the objective of extending care and support to the elderly residents. The initiative reflected the students' commitment to social responsibility and their willingness to make meaningful contributions to the community. As part of the support drive, the students donated essential items, including groceries, toiletries, blankets, and clothes, addressing some of the immediate needs of the residents. This gesture was deeply appreciated by the management and the seniors, as it helped improve their daily comfort and well-being. In addition to material support, the students also curated a special entertainment programme, which included cultural performances, music, and interactive sessions. These activities created an atmosphere of joy, warmth, and emotional connection, bringing smiles to the faces of the elderly. The interaction helped students understand the importance of empathy, respect, and compassion in building a socially responsible outlook. The event was a truly enriching experience for both the students and the residents. It not only strengthened the values of social engagement among students but also reinforced the significance of giving back to society in meaningful ways.
