20.	Summary of the Event (Minimum 100 words)	An online workshop on IBM SPSS and AMOS was conducted on 28th June 2025 for MBA faculty members, with 13 participants attending the session. The workshop was facilitated by Mr. Basu Tapabrata, Technical Architect at IBM, who served as the expert resource person. The training focused on the latest version of IBM SPSS (30.0) and AMOS, highlighting their applications in academic research and data analysis. Key topics included data entry, transformation, descriptive statistics, reliability analysis, regression, factor analysis, and structural equation modeling. The session was highly interactive, with participants engaging in practical demonstrations. The workshop was well-received for its clarity, relevance, and updated content, contributing meaningfully to enhancing the research capabilities of the faculty.
