Support Drive Event at Happy Children's Home Orphanage

SDG Alignment for Support Drive Event at Happy Children's Home - UN Sustainable Development Goals (SDGs) Addressed

SDGs Covered

- SDG 1 – No Poverty
- SDG 2 – Zero Hunger
- SDG 3 – Good Health and Well-being
- SDG 4 – Quality Education
- SDG 10 – Reduced Inequalities
- SDG 12 – Responsible Consumption and Production
- SDG 17 – Partnerships for the Goals

The Support Drive organized by the MBA Department at Happy Children's Home directly contributed to several United Nations Sustainable Development Goals (SDGs) by addressing the educational, nutritional, health, and social needs of orphaned children. The initiative demonstrated the institution's commitment towards inclusive development and community welfare through meaningful social responsibility.

SDG 1: No Poverty

The donation drive supported children from an economically disadvantaged background by providing essential resources such as groceries, clothing, blankets, a refrigerator, and other household necessities. These contributions helped reduce the financial burden on the orphanage while ensuring that the children's basic needs were adequately met. By extending material support to vulnerable children, the initiative contributed towards reducing poverty and improving their standard of living.

SDG 2: Zero Hunger

The donation of food supplies, including two bags of rice (26 kg each) and other grocery items, strengthened the orphanage's food resources and contributed to ensuring consistent access to nutritious meals. Supporting food security for children is an important step toward eliminating hunger and promoting healthy growth and development.

SDG 3: Good Health and Well-being

The event promoted the overall health and well-being of the children by donating hygiene kits, medicine kits, blankets, and essential household equipment such as a refrigerator for safe food storage. These resources help maintain better hygiene standards, improve health outcomes, and create a safer living environment. Additionally, sports equipment and indoor games donated during the drive encourage physical activity, recreation, and mental well-being.

SDG 4: Quality Education

Education was supported through the donation of notebooks, pens, pencils, study kits, and other learning materials. These educational resources help create an enabling environment for learning and reduce barriers to education for children residing at the orphanage. By ensuring access to learning materials, the initiative contributes towards equitable and inclusive quality education.

SDG 10: Reduced Inequalities

The support drive aimed to bridge social and economic disparities by ensuring that orphaned children receive opportunities and resources comparable to those available to other children. Providing educational materials, recreational resources, and essential necessities promotes social inclusion and equal opportunities regardless of socioeconomic background.

SDG 12: Responsible Consumption and Production

The event reflected responsible consumption by mobilizing useful and carefully identified essential items based on the actual needs of the orphanage. The collection and distribution of quality donated goods promoted efficient utilization of resources while minimizing unnecessary consumption and waste.

SDG 17: Partnerships for the Goals

The initiative exemplified collaboration between Dayananda Sagar College of Arts, Science & Commerce, faculty members, MBA students, and Happy Children's Home under Punarjanmaa Charitable Trust. This partnership demonstrates how educational institutions and community organizations can work together to achieve sustainable development through collective action and shared responsibility.
