The Department of Computer Applications at DSCASC hosted a series of cybersecurity-focused events titled "Master in the Network" from September 2nd to 4th, 2024. Highlights included a hands-on session by Mrs. Akshatha Deepak on Wireshark, showcasing its network traffic analysis features. Dr. Carlos Moreno-Garcia from Robert Gordon University delivered an insightful international webinar on emerging tech and data trends. Interactive activities included a cybersecurity quiz on Mentimeter, testing students' knowledge on threats, safe practices, and protection strategies, along with Cyber Quest, a gamified learning experience using the KC7 platform. Mr. Abhijeet Karve from the London Stock Exchange Group led a seminar on cybersecurity roles and domains within organizations. Student Hitesh from 6th semester BCA conducted two key sessions: one on free online certification platforms, and another on data privacy and phishing awareness. The latter featured a live demonstration of the Go Phishing Simulator, emphasizing secure browsing and protecting personal data online.

These events collectively enriched students' understanding of cybersecurity through expert talks, interactive tools, and practical demonstrations.
