Hash-it-Out was an activity-based event where the conceptual knowledge of the students was tested along with the presence of mind of the student to make his/her move in the Tic-Tac-Toe game. The game is played on a grid that's 3 squares by 3 squares. One Team represents X, and the other opponent team will be O. Players will get the chance to play the game of Tic-Tac-Toe if they answer the question spontaneously, 30 second time is given for each team to answer.
