16.	Agenda of the Event (Attach a copy)	NA
17.	Provide the link of the report uploaded on College Website	NA
18.	Provide the links of the report uploaded on Social Media	NA
19.	Report sent to Newspapers? If yes, provide cuttings/images:	NA
20.	Certificates Printed? (Attach a copy**)	NA
21.	Feedback Collected? (Attach a copy**)	NA
22.	Attendance Sheet Attached?*	Yes
23.	Summary of the Event (Around 100 words)	<p>The NSS Save Tree and Save Life recently hosted a successful seed ball making event. Students gathered on campus to create seed balls, a simple yet effective tool for ecological restoration. The event provided participants with the opportunity to learn about the importance of biodiversity and the role seed balls play in promoting plant growth in degraded areas.</p> <p>During the event, students were guided through the process of creating seed balls, which involve mixing seeds with clay and organic matter. The seed balls were then air-dried and ready to be dispersed in areas that need reforestation. By participating in this event, students not only contributed to environmental conservation but also gained valuable hands-on experience and a deeper appreciation for the natural world.</p>
24.	Photographs of the Event (About 5 relevant, clear, and appropriate photos with title and explanation. The jpg files need to be attached)	Yes, Attached.

NSS Committee Activity

On 20/10/2024 a group of students and Faculty members participated in an impactful ISP activity focused on environmental sustainability.

Participants were provided with seeds, soil and manure and together we created 100 seed balls.

Which are set to be planted in the near future. The hands-on experience fostered teamwork while enhancing our understanding of seed germination and planting techniques. The environment was lively and engaging making the activity both educational and enjoyable. This initiative not only promotes green practices but also strengthens the bond between faculty and students, encouraging future collaborative work in environmental conservation.
