Dayananda Sagar college of Arts, Science and Commerce  
"BCA department"

Topic:- Introduction to cloud computing

Speaker: Tanmayee R and Latami Narayan Mudaliar  
1<sup>st</sup> year [Department of MCA]

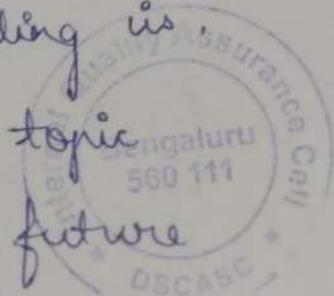

As we are 1<sup>st</sup> semester students of BCA, learning about cloud computing was a very informative and interesting experience. We understood how data can be stored and accessed through the internet instead of depending only on local devices.

The sessions helped us gain practical knowledge about how cloud storage works, its advantages such as flexibility and cost savings and also its challenges like data security. Overall, the topic gave us a clear idea of how important cloud computing is.

We really enjoyed learning this topic and found it very useful for our future studies and career.

Topic :- Introduction to Cloud Computing

Speakers :- Tanmayi, R - 1<sup>st</sup> year MCA & Laxminarayan Mudaliar -  
1<sup>st</sup> year - MCA - [Department of MCA].

The session on "Introduction to cloud computing" was highly informative and interesting. The speaker has explained the concepts in a simple and understandable manner, which made it easy for us to grasp the fundamentals of cloud computing.

We got to know the types of cloud services, its types and their applications in various industries. The session also highlighted the benefits of cloud computing like scalability, flexibility and cost-effectiveness, which gave us a clear idea of why it's becoming so important in today's digital world.

The presentation was well-structured and interactive, keeping us engaged throughout the session.

Overall, the seminar helped us gain valuable knowledge about emerging technologies and their role in shaping the future of IT. We would love to attend more such informative sessions in the future.

Thank you.
