23. Summary of the Event	Department of Computer Applications (BU), DSCASC organized a guest lecture on the topic "From Soil to Soul: Cultivating Growth Through Gardening", In this guest lecture, students explored the transformative journey from soil to soul through gardening. Activities included hands-on gardening, mindfulness exercises, and discussions on the therapeutic benefits of connecting with nature. Key learnings highlighted the importance of presence, resilience, and nurturing both plants and oneself. Participant feedback emphasized newfound appreciation for the spiritual and emotional aspects of gardening. Overall, the workshop fostered a deeper understanding of how cultivating a garden can lead to personal growth and inner peace, reaffirming the profound connection between humanity and the natural world.
