

# DAYANANDA SAGAR COLLEGE OF ARTS, SCIENCE & COMMERCE

## Department of Computer Applications

### INTERNAL ASSESSMENT POLICY

- Every semester two Internal Assessment Tests are carried out.
- The first Internal Assessment Test is carried out one and half months after the commencement of classes and covers 40% of the syllabus, the second Internal Assessment test is carried out two months after the first test and covers 70% of the remaining syllabus.
- Each of the Internal Assessment tests is conducted for 30 marks which are mapped to 10 marks.
- The Bangalore university syllabus scheme provides the various components for the Internal Assessment calculation like attendance and assignment.
- Towards the end of the semester every faculty is required to fill the Internal Assessment form for their respective subjects.
- The final consolidated Internal Assessment marks report is then generated and used for entering the final marks in the Unified University & College Management System (UUCMS) portal which can then be viewed by all the students by entering their login ids and password into the portal.
- The format for the calculation of Internal Assessment marks is given below.
