Feedback

The Session on "Exploring Global education: opportunities and challenges" was very informative & eye-opening. It helped us understand the various educational opportunities available abroad & the skills required to pursue them. The discussion, & motivated us to think beyond traditional learning paths & inspired us to explore global exposure for personal & professional growth. The speaker's experiences & practical tips were very valuable & encouraging. Overall, it was a well-organized & engaging session that broadened our understanding of global education systems & helped us plan our future goals more effectively.

Thank you.....

The Session covered the production process of aluminium from bauxite ore, its physical & chemical properties, & the innovative applications in various industries. The speaker also emphasized the need to reduce waste & promote recycling to protect the environment.

Overall, the talk was informative & inspiring, increasing awareness about the importance & future potential of aluminium in daily life & industry.

Thank you.....
