The visit aimed to bridge classroom knowledge with industrial experience by providing insights into production and management processes. Students toured the BAMUL facility and observed various stages of milk collection, testing, pasteurization, processing, and packaging. Officials explained the role of quality control, supply chain systems, and technology in ensuring efficient operations. The visit enriched students' understanding of industrial management, cooperative operations, and sustainability practices, linking theoretical concepts with real-world business processes.</p> <p>Overall, the visit proved highly informative and beneficial, offering valuable exposure to industrial practices and reinforcing academic learning through direct observation and interaction.</p>

FEEDBACK ON THE INDUSTRIAL VISIT TO BAMUL, KANAKAPURA

The industrial visit to Bamul was truly very insightful. We got to know about the NANDINI brand in a very detailed way which enriched our knowledge in the field of Industries. The guide was also very effective in delivering the information, they made us to understand the process in a very simple way.

'Nandhini' is a brand which brings the pride to the Karnataka and Nandini being the second most popular brand in India is a great moment or achievement to our state.

Hope to visit more such industrial visits in the future and our gratitude to the college management for taking us there.

Thankyou.
