Feedback on the Guest lecture on the topic
"Opportunities & Challenges in Capital Market."
by Mr. Sivaram Ravindran.

Organised by Prof. Anusha Kalburgikar and
Prof. Geethashree .K.

To begin with it was a really insightful lecture as we as new age learners got the most basic information about stocks and stock market. Sir explained all about the market in a simple yet very effective way. We also had an open-ended questioning session where we could ask ~~any~~ about any doubts that we had exclusively. It was a great experience to get so much information and knowledge on such a vast topic. We got real time insights on the stocks of HUL [Hindustan Unilever] and also gained the knowledge on how to evaluate the stocks based on factors like EPS, P/B, TTM PE and TTM EPS. All kinds of questions were answered with clarity. Would love to get more about the topic with practical work like creating/opening a demat account and mock stock kind of activities. Overall great session with engaging and creative knowledge. Thanks Sir and The Organising Committee for creating ~~magical~~ ^{enlightening} experience through this lecture.

Feedback on the Guest Lecture,

" OPPORTUNITIES AND CHALLENGES IN CAPITAL MARKET ", by MR. SIVARAM RAVINDRAN.

Organised by Prof. Anusha Kalburgikar and Prof. Geethashree. K

The session was indeed an insightful one. We got to explore about many things related to the CAPITAL MARKET. I didn't had any clues about investing in capital market but after listening to the guest lecture by Mr. Sivaram Ravindran I got an idea about investing funds in the capital market. I am really grateful to Mr. Sivaram Ravindran sir for sharing his valuable knowledge and time with us. The knowledge which I gained through this session will never make me poor in the future, that much knowledgeable the guest lecture was. Learning it from theory to applying it practically was a great learning experience.

Thus, I would like to express my gratitude to Mr. Sivaram Ravindran sir and the organising committee Prof. Anusha Kalburgikar and Prof. Geethashree. K

THANK YOU!!!
