

Poster Presentation on “Artificial Intelligence- The Past, Present and Future” on 11th Jan 2021

A National Level technical Poster presentation with the title "Artificial Intelligence- The Past, Present, and Future" was conducted to enlighten the students from various colleges to improve the technical skills. This competition given an opportunity to showcase their Creative talent and Passion in Computer Field. Students designed and created the posters in a unique way which brings out the history of Artificial Intelligence. They mentioned the applications, advantages and benefits in the current era. Good posters were selected and students were asked to present the Posters. The student presentations were held on 11th Jan 2021. The poster presentations helped the students to improve their technical skills, presentation skills and creativity. It also helped them to grab more knowledge on the latest technologies. The session was attended by department students and faculties.
