I would like to take this opportunity to share my feedback regarding regarding the recent orientation program in our college.

The orientation was encouraging to see how it connected these prestigious courses - CA, CMS & ACCA, mental health, Human values & ethics, and also placement & skill development topics were very interesting & helpful with practical guidance, mentorship and global opportunities. This holistic approach, combining strong academic foundations with personal growth and mental health awareness was highly motivating and left a positive impact on my outlook as I begin this journey.
