23.	Summary of the Event	The Department of Computer Applications conducted an awareness program on Equal Opportunity in an organization. The awareness program thrown a light on gender equality, Age discrimination, National origin, Race or Skill color and disability. Equal opportunity is a state of fairness in which individuals are treated similarly. Age discrimination occurs when a person is treated less favorably, or not given the same opportunities as others in a similar situation, because he or she is considered to be too old or too young. Disability is the experience of any condition that makes it more difficult for a person to do certain activities or have equitable access within a given society.
