22.	Summary of the Event (Minimum 100 words)	This workshop was conducted for 5 <sup>th</sup> semester BCom students and was organised by CIL. The resume is one of the most important documents any person can prepare when seeking a job. However, understanding what is effective on a resume is somewhat difficult, especially when attempting to guess what an employer is looking for. The purpose of this session is to intentionally look through the employer's eyes, considering what organizations often look for when they hire. By viewing their own experience and skills from a different perspective, this workshop helps participants to sharpen their experience, general awareness, education, and skill sets.
