*Internal Quality Assurance Cell
Eco Club – Prakruthi*

Event: Tree Plantation Drive

Date: 19/06/2019

Under the guidance of *Internal Quality Assurance Cell, Eco Club - Prakruthi* celebrated World Environment Day. The club organized a "*Tree Plantation Drive*" on 6th June 2019 to uplift the quality of our living environment through active planting, proper maintenance and preservation of trees together.

The main objective of Tree Plantation drive is to maximize the tree protection in the environment in large area.

Around 40 students of DSCASC, were actively participated in this drive. Three Faculty participants accompanied students during this drive. Students were informed about the importance of Plantation, and distribution of saplings. The students and teachers selected empty places

and road sides to plant saplings in a well organized way.

The saplings were brought by the individual students. In order to restore the eco – balance the plantation drive was taken with all seriousness. The participants were highly enthusiastic to make it a big success. The students planted saplings and fenced them and watered the plants. They also distributed saplings to the public parks in order to spread the awareness. Every step of the programme was appreciated by the public.

The active participation of our students in the drive has brought the awareness of maximizing more trees to protect the environment all over the area.
