Foundation Skills in IT (FSIT) Program

The Foundation Skills in IT (FSIT) program will increase the industry readiness of students who want to start a career in IT / Engineering companies. The program has been developed using the 'Outcomes Based Format'¹ (OBF) keeping the focus on the key skills required to perform a given job role. The program has two tracks - one that focused on training and guide for the facilitator and the other for the student.

Objective of the Initiative

The FSIT program has been developed to facilitate the acquisition of the foundation skills required in the IT industry today. The program aims to improve student's understanding of the basic concepts involved in software development. This program provides the requisite awareness and knowledge to understand key concepts that can be applied to IT projects.

Scope of Work

In order to help enhance the employability of the student pool, NASSCOM suggests the following program to be run as an add-on program for students:

- Basic Skills / Foundation Skills termed as Foundation Skills in IT (FSIT)

The idea behind the initiative is, that going forward, Universities /colleges will consider making these programs compulsory for students or integrate the development of these skills into the teaching learning program by allocating credits to these programs.

Program Flow in Brief:

- The course structure in the OBF format has been put together by the members of the Skill Development Council. This will be shared with the University/college interested in taking enabling these skills in their students.
- The duration of the program is 85 hours of Guided Learning, along with with 55 hours of Tutorials and Practical exercises.
- The detailed facilitator guide and student handbook for the program can be sourced by the University/college from the NASSCOM identified publisher.
- This will be followed by Train-the-Trainer (TTT) programs for select University faculty by NASSCOM / IT Skills Council members.
- Post the TTT, the first batch of student training shall be launched in the University /affiliated colleges at identified centers.
- Identified students, are pre-tested with the NAC-Tech Diagnostic, subsequently trained by the trained faculty and finally accessed via the NAC-Tech Final.
- NAC-Tech Final scores will be forwarded to IT / Engineering companies for the first step towards employment.
- An analysis of pre and post NAC-Tech scores will facilitate impact analysis w.r.t. skill transference, from the teacher to the taught.
- Feedback to the University /college will aim to improve the teaching- learning methodology towards the development of these life skills and increased employability of the students concerned; it will also facilitate scaling faculty capacity;

¹ 'Outcomes Based Format' for curricula re-design has been advocated by NASSCOM and captures the 'Inputs', 'Processes' and 'Outcomes' for each of the programs.

Guest Lecture on trAPPed: Decoding Digital Distraction

Summary

The Department Of Computer Applications has conducted a guest lecture on trAPPed: Decoding Digital Distraction on 18th March 2019.

Speaker: Sri. Keshav Balarama Dasa from ISKON

Topic: trAPPed - Decoding Digital Distraction

He addressed 40 students of second Sem 'B' section. He discussed about digital addiction among the youth and how to overcome these addictions. A questionnaire on "Are you a digital Addict?" was distributed among the students for a reality check. The outcome of the session was how students can strike a balance between staying connected and letting technology take over their life.

A SEMINAR ON LATEST TECHNOLOGY

Date: 4th September, 2018

Speaker : Dr. A Ambarbi, Taibah University , Saudi Arabia

Dayananda Sagar College of Arts Science and Commerce conducted a Seminar on 4th September from 1:30 pm to 2:30 pm in the Seminar Hall.

The Seminar went very well. All the students enjoyed the seminar and learned many latest technologies. The lecturer showed some interesting slides about their culture and universities and also their education.

The Seminar was basically conducted for showing the latest technology which are invented in the IT world. He gave brief information about each and every technology. Simultaneously we also got to know about the tradition, way of education in Saudi Arabia. He also showed us the way to how to learn these technology and what demand they stand now. Yes, of course it was helpful for our future because we can learn about the technology and go into different fields of jobs. We would like to thank sir for giving us prestige knowledge about the technologies and we hope to see him again.

Technical Talk on Current IT and Trends

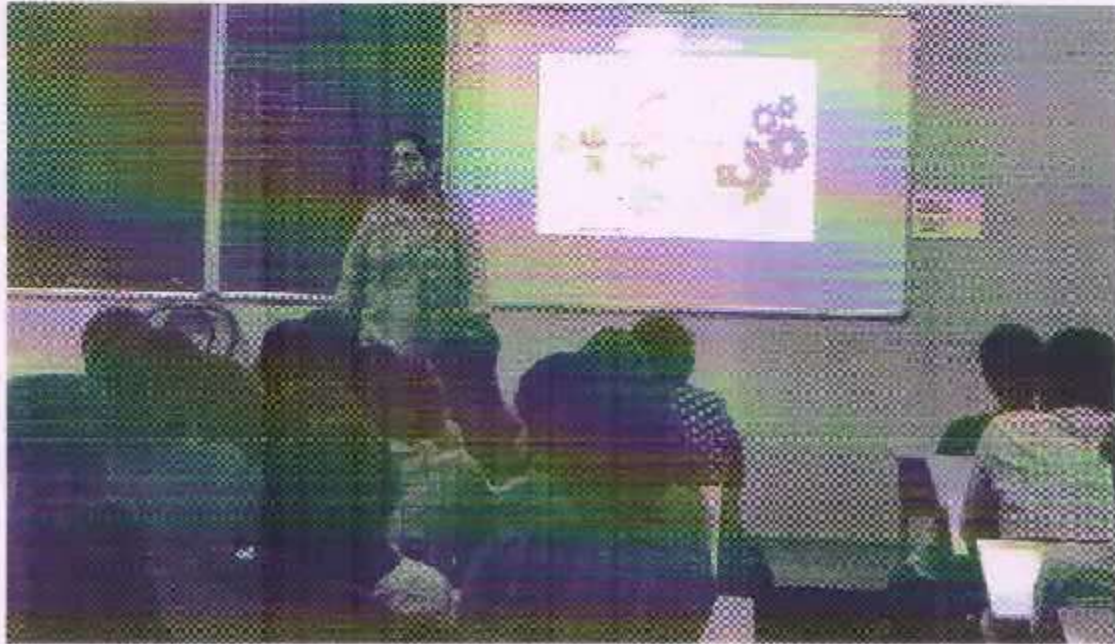

Date: 29/09/2018

Time: 10:45 AM

Topic: Current IT and Trends

Speaker: Ms. Shilpa Ananth, Principle Software Engineer, Dell

Sem: III Semester A and B Sec

Technical talk started with addressing students regarding evolution of technology and their effect to mankind. Ms. Shilpa then proceeded by explaining technologies such as C, C++, Java and how these programming languages changed the way programmers develop the product. She explained in detail about the difference between Digitization vs Digital transformation. She described about Internet of things, Block Chain, Big Data, and Cloud Computing and explained how these technologies changed the way startup companies are looking for their growth and how big companies are providing services to these startup companies or small scale companies. She wrapped up the session by concluding about how these emerging technologies are helping social media to analyze the behavior of all the users by using Artificial Intelligence.

A SEMINAR ON LATEST TECHNOLOGY

Date: 4th September, 2018

Speaker : Dr. A Ambarbi, Taibah University , Saudi Arabia

Dayananda Sagar College of Arts Science and Commerce conducted a Seminar on 4th September from 1:30 pm to 2:30 pm in the Seminar Hall.

The Seminar went very well. All the students enjoyed the seminar and learned many latest technologies. The lecturer showed some interesting slides about their culture and universities and also their education.

The Seminar was basically conducted for showing the latest technology which are invented in the IT world. He gave brief information about each and every technology. Simultaneously we also got to know about the tradition, way of education in Saudi Arabia. He also showed us the way to how to learn these technology and what demand they stand now. Yes, of course it was helpful for our future because we can learn about the technology and go into different fields of jobs. We would like to thank sir for giving us prestige knowledge about the technologies and we hope to see him again.

Technical Talk on Current IT and Trends

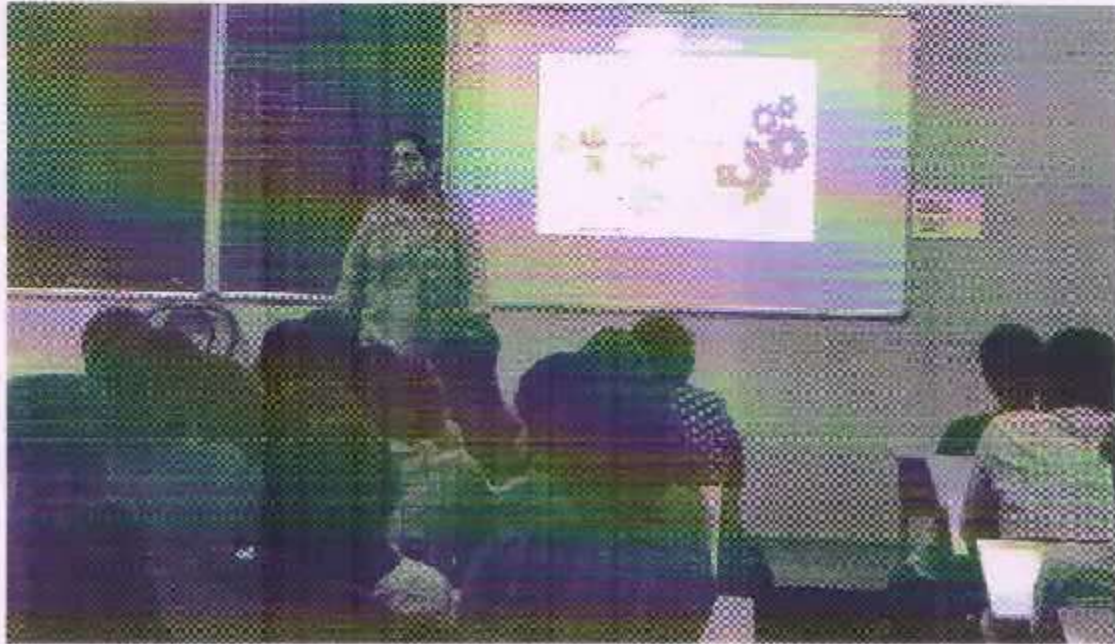

Date: 29/09/2018

Time: 10:45 AM

Topic: Current IT and Trends

Speaker: Ms. Shilpa Ananth, Principle Software Engineer, Dell

Sem: III Semester A and B Sec

Technical talk started with addressing students regarding evolution of technology and their effect to mankind. Ms. Shilpa then proceeded by explaining technologies such as C, C++, Java and how these programming languages changed the way programmers develop the product. She explained in detail about the difference between Digitization vs Digital transformation. She described about Internet of things, Block Chain, Big Data, and Cloud Computing and explained how these technologies changed the way startup companies are looking for their growth and how big companies are providing services to these startup companies or small scale companies. She wrapped up the session by concluding about how these emerging technologies are helping social media to analyze behavior of all the users by using Artificial Intelligence.

2	Summary of the Event (Minimum 100 words)	<p>The session was presided over by respected Dr. Chetan Shetty, Associate Professor, Dept. of Management Studies, MBA-BU. Gave a brief introduction about the resource person, also thanked the speaker for making time to share the valuable inputs with us. He further went to give a vivid outlook of what the webinar is going to be about, it's importance and then thanked the participants for joining in.</p> <p>Usually people have this thought that stock markets are only for finance people or who have knowledge about the stock markets, only they can invest or trade. the speaker emphasized it is not so, by first telling us the importance of trading/investing, she introduced us to a platform called Stock mind, which</p>			

Sl. No.	Particulars	Event related Details
		<p>is a virtual platform for trading, on which we can trade virtually, and gets hands on experience before we trade/invest in real. The speaker made us understand what does equity means, its importance and how one can own an equity. She gave different examples of how when invested money in equity will grow over a period of time, the examples given were – eicher motors, pidilite, Colgate.</p> <p>The speaker gave reasons as to why choose STOCK MIND, she said as it has various benefits if used, it will help us sharpen our analytical skills, critical thinking, decision making, and to take calculated risks,</p> <p>She spoke about equity as an investment options, and what it means to a trader, a long term investors., coming to the second half of the webinar, The speaker then to ensure there is no room for confusion regarding the virtual trading platform, spoke in detail, about the STOCK MIND – VIRTUAL TRADING PLATFORM, which basically aims to educate students to understand about the nuances of stock market,, to invest in a risk free manner through virtual stocks. It is also a quest for budding investor, 15 lakh virtual money will be given and students with best portfolio and the college will be chosen, based on 10 trading days. The speaker concluded by showing us the actual website of the platform, by herself showing how exactly to place an order for buy/sell, and encouraged us to start off our trading journey.</p> <p>Our respected Director sir Dr. Venkatesh B R, is thankful for the valuable inputs delivered by the resource person Ms. Smita Chakraborty, ICICI Securities, Zonal Manager – Marketing (East & South), and he is appreciative of the commendable efforts taken by Department of Management Studies – MBA (BU), DSCASC, for initiating such a knowledgeable and informative session.</p> <p>Finally our respected sir Dr. Chetan Shetty expressed gratitude towards the resource person for their time and efforts. He also thanked our director sir Dr. Venkatesh B R for their constant support and encouragement to make such enriching sessions happen, he further thanked them for their exemplary efforts in providing such platforms, and the participants for joining in.</p>

2	Summary of the Event (Minimum 100 words)	Dayananda Sagar College of Arts, Science and Commerce MBA-BU under Chanakya series of business management lectures had conducted a Guest Talk on Understanding Capital Markets for 1 st Sem MBA students on 27-05-2022. The key note speaker of the Guest Talk was Mr. Glenn Roger, Co-Founder and Director – Finmark Trainers India Pvt Limited who gave insights and vivid perspective on capital markets. The talk started with introductory address by Dr B R Venkatesh sir (Director-MBA-BU) on how important role			

Sl. No.	Particulars	Event related Details
		<p>financial markets can be in one's life and growth of financial markets over the year.</p> <p>Mr. Glenn Roger cordially started with the topic financial markets with comparing Indian stock market with United States of American market index. Stating Saudi Aramco highest capitalisation, he explained the growth and opportunity in Asian markets. Indian financial markets are still in the growing stage with 8-10 percent of compounding growth every year. Due to ample of opportunity in the markets a greater number of youngsters especially students are have opened demat accounts. He wanted make students understand, it is better to start investing into the markets at young age for the reason of compounding effect which has the ability to grow an investment in long run. Along with that he explained about current market scenario and negative impact on financial markets due to increase in interest rates in India, US government Treasury bonds rates, other policies and political changes.</p> <p>Digital transformation in the capital markets is pervasive. Mr. Glenn throw light on financial system in the digital platforms such as metaverse which is likely the future of financial system. On the other part Crypto currencies are virtual currencies which is decentralised and deregulated where Mr Glenn strongly believe that crypto going to crash. The reasons for the crash can be introduction of new digital currency by governments of different countries, popularity of Non-Fungible Tokens (NFTs). He explained about the strength of dollar and its usage in foreign exchange.</p> <p>Question and Answer session was conducted where students clarified doubts on different aspects of capital markets and current market trends. Mr. Glenn clarified other doubts related to IPO, offer for sale (OFS), valuation of companies, loss making companies etc.</p> <p>Mr. Glenn Roger concluded his address with brief information on BFSI sector and jobs. Mr. Shivaram who is part of Finmark group presented short programs offered by Finmark to students at affordable prices which are approved by NSE, SEBI, NISM and CISI.</p>

WHAT DRIVES VALUE OF SILVER?

ECONOMIC OUTLOOK
 During uncertain times that precede an economic recovery, silver is a leading indicator of economic growth.

INDUSTRIAL OUTPUT
 Silver is widely used in specialized electronics, where cost matters, as it is the essential conductor of electricity - better, more, than copper.

SUPPLY AND DEMAND
 Supply of silver fluctuates in tandem with demand for other resources such as copper, gold and zinc, which is limited by the industrial manufacturing outlook.

INFLATION
 The silver price history shows that in times of increasing inflation, the commodity increases in value.

INTEREST RATES
 Interest rate reduction gives a rise in inflation thereby increasing the attractiveness of silver as a store of value.

The above factors are not exhaustive.

Wealth Creation Journey of monthly SIP of Rs. 10,000 in ICICI Prudential Midcap Fund

Term	Rs. Value
1-Year	Rs. 1.8 lakh
3-Year	Rs. 6.7 lakh
5-Year	Rs. 8.1 lakh
7-Year	Rs. 10.9 lakh
10-Year	Rs. 29.9 lakh
15-Year	Rs. 52.1 lakh
Since Inception	Rs. 96.63 lakh

Past performance may or may not be sustained in future. SIP Start date: Oct, 2004. Valuation Since Inception is as on 31st December 2021. Valuation at the end of 15th Year is as on 30th Sep, 2019 valuation at the end of 10th Year is as on 30th Sep 2014. valuation at the end of 7th Year is as on 30th Sep 2011. valuation at the end of 5th Year is as on 30th Sep 2009. valuation at the end of 3rd Year is as on 30th Sep 2007. valuation at the end of 1st Year is as on 30th Sep 2005. Past Performance may or may not sustain in future. The returns are calculated by XIRR approach assuming investment of Rs 10000/- on the 1st working day of every month. XIRR helps in calculating return on investments given an initial and final value and a series of cash inflows and outflows with the correct allowance for the time impact of the transactions.

WHAT DRIVES VALUE OF SILVER?

ICICI ETF EXCHANGE TRADED FUND

ECONOMIC OUTLOOK	INDUSTRIAL OUTPUT	SUPPLY AND DEMAND	INFLATION	INTEREST RATES
During uncertain times the investments in silver increase leading to increased price	Silver is widely used in electrical electronics, where cost matters, as it is an excellent conductor of electricity & better even, than copper.	Supply of silver fluctuates in tandem with demand for other resources such as copper, gold and zinc whereas demand is heavily influenced by the industrial manufacturing outlook.	The silver price history shows that in times of increasing inflation, the sensitivity of the commodity increases in value.	Interest rates influence price of gold to a certain extent. However, increasing attractiveness of silver adds to decreasing the attraction of other asset classes.

The above factors are not exhaustive

Student Activity

Title: “Roleplay on Appropriate and Inappropriate Behaviour”

Date: 20th & 21st May 2022

Resource Person: Prof. Ameer Asra Ahmed

Topics Covered:

- To help the students understand the appropriate and inappropriate behaviours in various situations.
- To impart certain positive behaviours among students and help them overcome the negative behaviours.
- To instil confidence among the students.

Summary

A Students’ workshop titled “Roleplay on Appropriate and Inappropriate Behaviour” was conducted on 20th & 21st May 2022 for MBA 1st Semester students. The students were briefed about the purpose and objectives of the role-play. The students were divided into teams and each team was given a hypothetical situation and asked to demonstrate through a role-play the appropriate and inappropriate behaviours that could be possibly shown in that situation and the necessity of displaying the former. The teams’ video recorded their role-plays and played the same in the class following which discussions were carried out pertaining to the appropriate and inappropriate behaviours displayed by the students in the role-play.
