NICT provides high quality computer education at a very high standard at a very low cost. NICT's mission is to create a pool of high quality software professionals who will meet the demanding needs of multinational organizations for tomorrow's challenges. Training methods have been maximized with "learning" rather than "teaching" through well-equipped LAB with structured combination of theoretical and practical sessions, reinforced with Hybrid Training System, both ONLINE and OFFLINE.

## Here's what our community has to say...

NICT Computer Education classes was great! The teachers here are super about encouraging students to do their very best. Mr Madhusudhan, my teacher, is fun and I really like his class. He loves to joke around, but does not play about getting work done. We also do projects and assignments and submit the same to the Teacher for corrections... REALLY AN AWESOME EXPERIENCE.
